TABLEWARE COLLECTION

There's certainly no shortage of dinky dishes and pretty plates around the Wallpaper* office, but Finding Cheska's collection is a bit of a star. Consisting of separate cups, spoons and plates, the design resembles a jigsaw puzzle and allows you the freedom to create your own pattern on the table – which, being fussy types, we always appreciate. Prices vary according to combinations, Finding Cheska, tel: 886.2 2772 2385 (Taiwan), e-mail: m2t@m2tdesign.com, www.findingcheska.com

BATHROOM ACCESSORIES <<

The Spanish always seem to know how to inject a fat dose of fun into design, and B-Sign is no different. The Barcelona design company has ambitious plans to rework every aspect of your life, but for its debut collection, it concentrated on the bathroom, including this bath mat. 'Alfombra Gotas' bath mat, €43, by El Último Grito, for B-Sign, tel: 34.93 451 96 07 (Spain), www.b-sign.es, available from www.vincon.com

HEIGHT OF GENIUS

ADJUSTABLE BARBECUE >>

In order to design the perfect grill, Austrian company Convoi Design took two things into account. The barbecue had to look and feel slick, but it also had to be flexible. Thus the 'Lambda' grill is not only an energetic fire-starter, it also has wheels, making the machine fully mobile, and a height-adjustable cooking grate and coal tray, allowing you to achieve the ideal grilling height. 'Lambda' grill, price to be confirmed, by Convoi Design, tel: 43.1 810 27 16 (Austria), www.convoidesign.com
